January Seminar: Medical Device Landscape Overview

January 9th, 2009
8:00-10:00 a.m.

Heraeus Medical Components, Inc.

5030 Centerville Road
St. Paul, MN 55127

Mark Kempf, President of Heraeus Medical Components, Inc. in St. Paul, MN will present an overview of the medical device customer landscape and components technologies that fit into applications such as CRM, neuro, pain management or PAD.

Cost:

Complimentary for MedNet Members
Non-Members \$20 in advance, or \$25 at the door

Register at:

www.mnvalleymednet.org
Members need to RSVP also.

Dues are Do

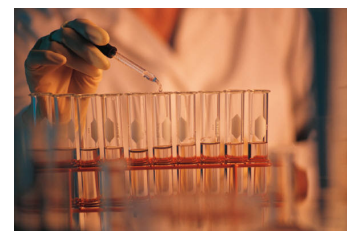

Billings will be sent to all current members for 2009 dues. Dues are \$150 for 2009. As a member, representatives of your company are entitled to attend seminars at no additional charge. Your membership also entitles you to have your company listed on the MedNet website with a link to your website if desired.

Biobusiness Alliance Presentation Draws Crowd

About 30 members and friends heard Dale Wahlstrom of the **Biobusiness Alliance** give an update on the future of bioscience in Minnesota at the November seminar. Mr. Wahlstrom also gave an

insight into the efforts of the Biobusiness Alliance to grow the industry in Minnesota. Wahlstrom stressed the need for everyone in the state to work together to continue to build the bioscience

industry. As part of the meeting, our sponsor, **Imricor Medical Systems** gave a brief presentation and tour of the facility.

Board Member Honored

Rich Daly of **Consatech** was recently inducted into the Minnesota Science and Technology Hall of Fame. Daly has founded ten

companies in his career. He is a founding board member of the Minnesota Valley Med Net and was a leading advocate for the

City of Burnsville's medical initiative where he is a charter member of the BMA Advisory Panel. Congratulations, Rich!!

Membership Drive

Under the direction of Membership Chair, Jahn Stopperan, Med Net has set a strong goal of doubling membership in 2008.

Ambitious, yes, but with your help we can make it.

If each member signed one member (friend, customer, supplier, etc) we can make it. What's in it for you? If we double membership you have twice as many companies to network with

and Med Net can continue to expand programs! Membership information is on the website: Www.mnvalleymednet.org.

Lifescience Alley Conference is Membership Builder

Med Net members from the **City of Burnsville** and **Automated Control Systems** had booths at the Lifescience Alley annual conference and were joined

by Med Net President, Darlene Miller of **Permac Industries**. Membership in Med Net was a hot topic and the group has a dozen leads for the membership

committee to pursue. The programming, networking and reasonable dues were all reasons cited for interest.

Give Us Your Tidbits!

MedNet News is emailed to members and friends on a quarterly basis. If you have tips, industry information, news about your company, or anything you wish to share, send the information to skip.nienhaus@ci.burnsville.mn.us. We make every attempt to include any information sent our way!
